Code level	Definition		
Green	Little to Slight increase in traffic volume		
Yellow	Volume is busy		
Red	Volume is heavy and pace is slow		

KEEPING YOU SAFE

With the roads much busier than usual we urge you to take special care and apply the following safety measures:

- Ensure your car is roadworthy
- Stick to the speed limit
- Maintain a safe following distance of at least 3 seconds
- Don't drive if you've consumed alcohol
- Ensure you get enough sleep before a long journey
- Stop and rest at least every 2 hours or 200km
- Use the info on the blue km board marker when reporting accidents/ requesting assistance

We have doubled up on our route patrols through our partnership with Imperial/Europcar to assist with route surveillance & road users who require assistance along the route.

KEEPING YOU MOVING

- Acquire an e-tag to minimise delays
- Make sure you have your cash/ credit card handy before reaching the plaza
- There will be no construction or lane closures over the Easter period
- During peak periods all lanes including reversible lanes in peak direction will be open to accommodate the traffic

TIPS:

- In an emergency call our Customer Care number on 0800 BAKWENA / 0800 225 9362
- Plan your journey in advance to avoid the peaks!
- Use your e-tag!
